

Arroyo Four Square Doll Quilt/Table Topper

(17" x 23")

Supplies:

- 1/8 yard Dark Blue
- 1/8 yard White
- 1/4 yard Acid Green (Starch before cutting to help with bias)
- 1/2 yard Red (Includes Binding) (Starch before cutting)
- 20" x 26" Batting and Backing

The Original Quilt was quilted by hand in an all over Fan pattern

Cutting:

- Blue: 2 ea. 1 7/8" strips (Width of Fabric)
- White: 2 ea. 1 7/8" strips (Width of Fabric)
- Green: 2 ea. 2 7/8" strips (Width of Fabric)
Subcut into 24 ea. 2 7/8" squares. Cut each on just ONE diagonal to make 48 triangles.
- Red: 1 ea. 4 1/2" strip (Width of Fabric)
Subcut into 6 ea. 4 1/2" (ALT) squares AND 2 ea. 4" squares. Cut 4" squares ONLY on ONE diagonal for corner setting (CS) triangles.
1 ea. 7 1/2" strip (Width of Fabric) then cut 3 ea. 7 1/2" squares. Cut each square on BOTH diagonals to form the side setting (SS) triangles. (You will have two extra)
AND 2 ea. 2" strips for binding

Assembly:

1. Stitch together one blue and one white 1 7/8" strip. Repeat with a second set of strips. Cut both into 1 7/8" units. Make 24 units.
2. Stitch two Step 1 units together to make a 4 Patch as shown. Make 12 ea. 4-Patches.
3. Place long edge of one green triangle along one side of a 4 Patch, centered. Stitch. Repeat for opposite side of 4-Patch. Then add triangles in the same way on remaining two sides. Repeat to add triangles on all sides of all twelve 4-Patches. These blocks should measure 4 1/2".
4. Following the diagram below, create your quilt top with a diagonal row set using the 4 1/2" red squares as alternates (ALT) to the 4-Patch units along with the side setting (SS) triangles and the corner setting (CS) triangles as shown. Decide if you want all your 4-Patches aligned the same way (as in the mock up) or more randomly oriented (as in the original quilt.)
5. Layer and quilt as desired.
6. Bind with 2" strips.
