2 ea. 18" x 1 3/4"

Round Five:

2 ea. 14" X 1 3/4"

2 ea. 20 1/2" x 1 3/4"

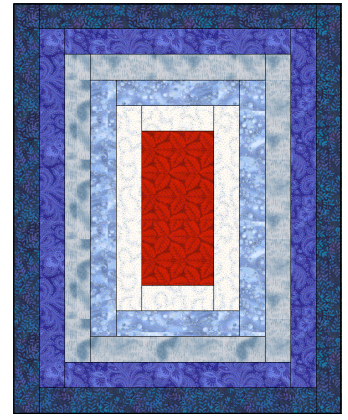

Binding: 3 ea. 2" X Width of Fabric Strips

Assembly:

1. Layer backing (wrong side up) then batting. Fold to find center.
2. Center the 4" X 8" Rectangle atop backing and batting.
3. Place one of the Round One 4 X 1 3/4" logs at the top of the center rectangle right sides together (RST) aligning raw edges. Stitch a 1/4" seam through all layers (log, center, batting and backing), open and press. Do the same to add the other 4 X 1 3/4" log at the bottom of the rectangle.
4. Next the sides. Lay one of the 10 1/2" X 1 3/4" logs RST along one side of the center rectangle aligning raw edges. Stitch and press open. Repeat for other side of center rectangle to complete the first round of logs.
5. Continue adding logs, first to top and bottom then to sides to complete five rounds. Because you have stitched the logs through all layers, your quilting is all done! Of course you can add just a bit of quilting in the center (4" X 8") block if you wish!
6. Bind with 2" strips.
