

Wind Blown Geese (27 "X 31")

6" blocks. Each with three 2" x 4" Geese. Use 4 At Once Method (Next Page) to make 36 ea. 2" x 4" Flying Geese Blocks using:

36 ea. 2 7/8" Sky Squares and
9 ea. 5 1/4" Geese Squares (Scrappy)

Also Cut from Sky:

24 ea. 2 1/2" squares
24 ea. 1 1/2" x 2 1/2" rectangles
4 ea. 1 1/2" x 24 1/2" strip
2 ea. 1 1/2" x 22 1/2" strip

Border (One of the Geese?):

2 ea. 3" x 26 1/2"
2 ea. 3" x 27 1/2"

Binding (Another Geese?):

3 ea. 2" x width of fabric

Assembly:

1. Stitch a 2 1/2" Square to the left side of 12 of the Geese blocks.
2. Stitch a 2 1/2" Square to the right side of 12 of the remaining Geese blocks.
3. To the final 12 Geese blocks add a 1 1/2" x 2 1/2" rectangle to both sides.
4. Following Diagram A at right, assemble 6 A Blocks.
5. Following Diagram B at right, assemble 6 B Blocks.
6. "Stack" the blocks as at right, alternating ABAB. Make 3 stacks.
7. Stitch a 1 1/2" x 24 1/2" strip to the left side of each stack. Set the stacks together and add another 1 1/2" x 24 1/2" strip to the right side as shown.
8. Add 1 1/2" x 22 1/2" strip to the top and bottom to complete the Quilt center.

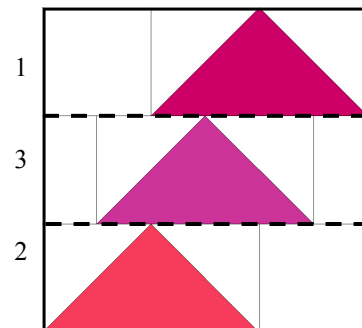

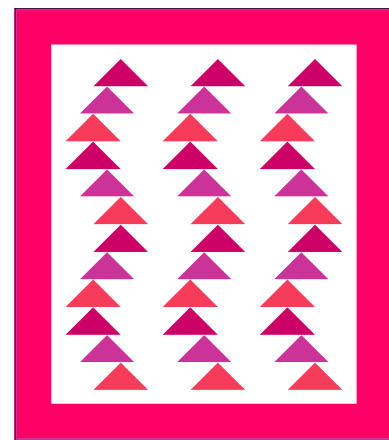

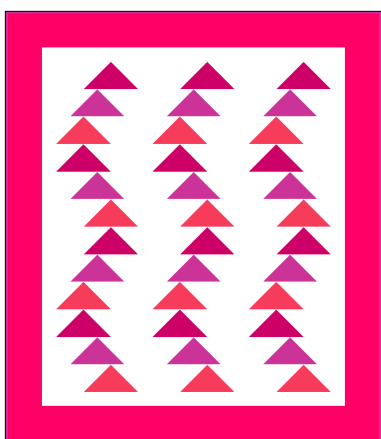

Diagram A

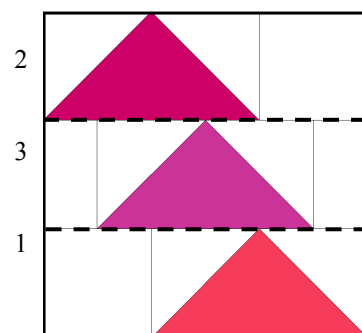

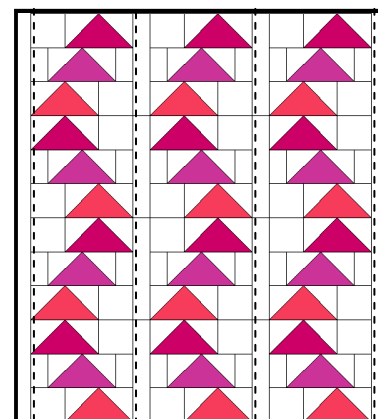

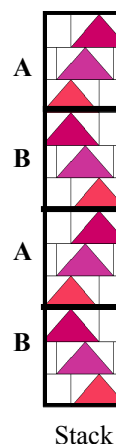

Diagram B

9. Add the final borders using the 2 ea. 3" x 26 1/2" on the sides and the 2 ea. 3" x 27 1/2" strip at top and bottom.
10. Quilt as desired.
11. Bind with 2" strips.

LynBrown.com Presents

Spiffy 4 At Once Method for Flying Geese

You need two fabrics, a Goose fabric (single big triangle) and a Sky fabric (pair of smaller triangles). A Flying Geese Unit is twice as wide as it is long. For this method, you cut **Sky** squares $7/8$ " **larger** than the finished Flying Geese unit is long (4 ea. For 4 geese) and **Goose** squares $1\ 1/4$ " **larger** than the finished width (only 1 ea. for 4 geese).

Example: For geese that finish $2'' \times 4''$, cut 4 ea. Sky square $2\ 7/8''$ and one goose fabric square $5\ 1/4''$.

To make 4 Geese:

1. Finger press or draw one diagonal crease in each of your smaller (Sky) squares.

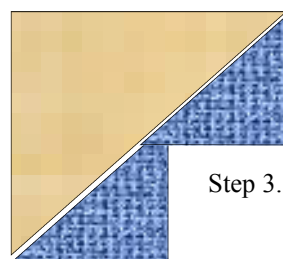

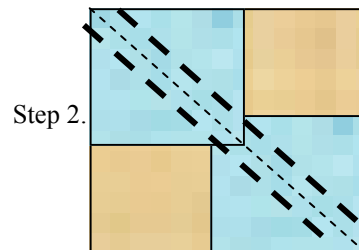

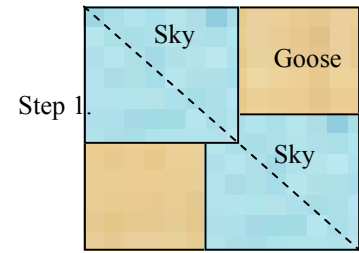

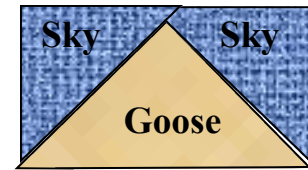

2. Lay two smaller (Sky) squares right sides together (RST) to the larger square so the smaller squares align with opposite corners of the larger (Goose) square as at right. Be sure diagonal creases line up as shown.

3. Stitch $1/4''$ on both sides of those creases. Cut on the diagonal. Now you have two odd looking sections (shown). Press to the Sky Triangles.

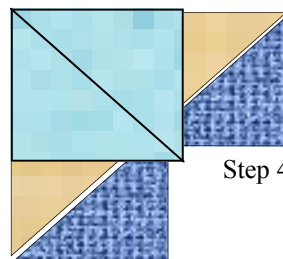

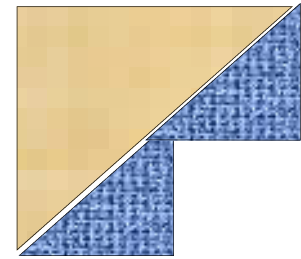

4. On each section, lay another Sky square RST in the corner of each Goose as shown.

5. Stitch on both sides of marked diagonal. Cut on the diagonal.

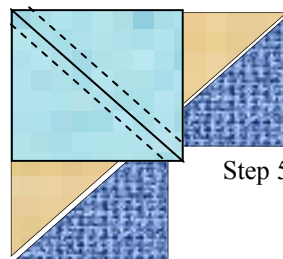

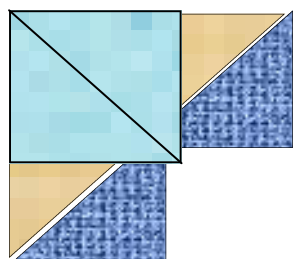

6. Press to the Sky triangles and you have four Flying Geese units. Trim if necessary.

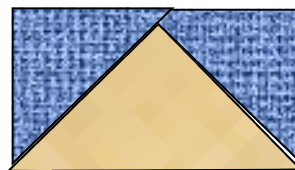

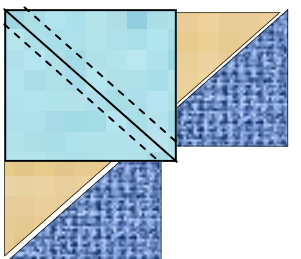

Step 3.

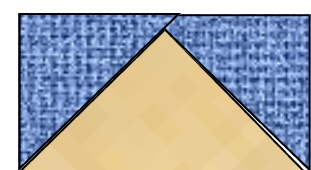

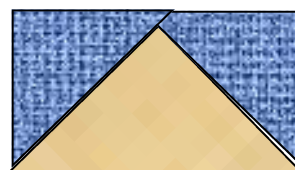

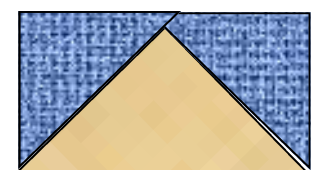

Step 4.

Step 5.

Step 6.
