

Santa Scarf

This fleece Santa Scarf is quick and jolly!

Cutting:

- 8" WoF Strip (54"-60")
- 8" X 8" Square
- 8" X 8" Square
- 8" X 14"
- 8" X 3"

- Red Fleece
- White Fleece
- Ivory Fleece (Face)
- Red Fleece
- White Fleece

Use the appliqué below for the mustache (white fleece), the nose (pink felt) and the mouth (red fleece). Copy appliqué patterns to paper backed fusible web, then follow manufacturer's instructions for iron settings and pressing times. Cut away the center of the mustache for a softer look. The eyes are 1" black buttons.

The eyes are 1" black buttons.

Assembly:

1. Make one pocket from the red fleece cut 8 X 14. Fold RST the long way and stitch the short end to make the point when it's fold out. Make the tassel out of white yarn wrapped around a paperback book and attach it at the point. Then cut fleece fringe 1" apart and 2" deep along pocket top. Fold down and top stitch before stitching the pocket to the scarf, catching the loose edge from making the point.

2. Add the 1" fringed beard from an 8" X 8" piece of the white on the ivory 8" X 8". Also add the 3" hat trim to the top of the pocket by laying right side of trim against the wrong side of pocket (at top) stitch then flip the trim up and over and top stitch the bottom edge of trim down. Next fuse the face applique down and stitch it. Add the button eyes and stitch that pocket to the other end of the scarf! Cute as anything!

Leave 1" at top uncut

Fringe white fleece for beard. Top stitch to bottom of ivory square. Add hat brim at top of ivory square, then do appliqué.
