

NAUTICAL TUMBLE SAMPLER

DOUBLOONS

From www.LynBrown.com

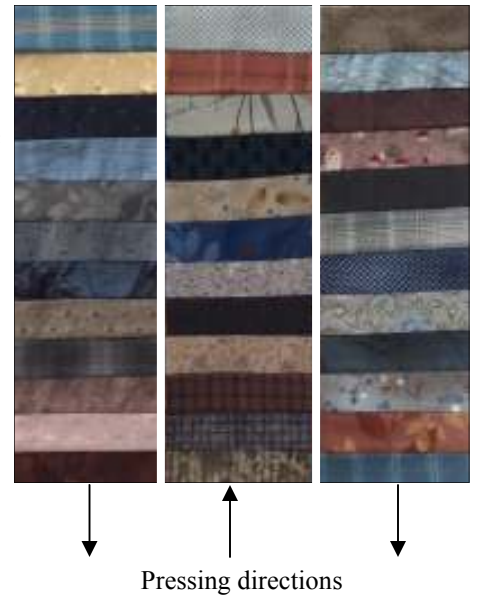

CUTTING:

18 Various Medium Rectangles 1 1/2" X 4 1/2"

18 Various Dark Rectangles 1 1/2" X 4 1/2"

ASSEMBLY:

1. Stitch 3 stacks of rectangles 12 high. Make them random (Like the sample) or alternate medium and dark. The “outer” stacks should have seams pressed to the bottom and the middle have the seams pressed to the top of the stack.
2. Stitch the three stacks together, matching the intersections, to complete the 12 1/2" block.

We will trim all the blocks to the Tumbler shape when they are all complete. Stay tuned!
