

Our 2013 Block of the Week
Fanciful Floral FourSquare
Block 43

Poinsettia Star Tree

Once again, we are changing gears a bit for this month's block. We are NOT doing four quadrants... This block can have a single Background (Cut at 13" to finish at 12") OR be assembled from four 7" squares to end up with a four Quadrant background like your other blocks. Either way, the motifs will be applied to the completed block.

The Poinsettia Star Tree (half the full motif given.

Mirror Image for the other side) provides a wonderful ending to our year long quilt, and this single block gets it done before the holidays are upon us.
