Sashing/Cornerstone/Block Assembly:

(1/4" seam allowance)

1. Trim all blocks to 12 1/2", centering motifs.
2. Stitch 1 1/2" X 12 1/2" Sashing strips into 3 strip (Dark – Light– Dark) units. Make 31.
3. Stitch a Sashing unit to the left side of each BAQ block.
4. Add a cornerstone to one end of the rest of the sashing strips.
5. To one of those sashing strips, add the last cornerstone to the opposite end. Now you should have 18 corner/sash units and 1 corner/sash/corner unit.
6. Add a corner/sash unit to the bottom of all the blocks.
7. Add a corner/sash unit to top of the top row blocks (3).
8. Add corner/sash/corner unit to right side of upper right block.
9. Add a corner/sash unit to the remaining (3) right side blocks.
10. Do not sew the blocks together...They are now ready for the Borders. (Next Week!)
