Beard Template from Batting

Hat Template From Red

Note: All 1/4" Seams

Assembly:

1. Applique hat and beard in place on Green A. Ink eyes as desired.
2. Finger press to find the center of Green A. Fold the ribbon and pin at X, matching raw edges so ribbon lays against Green A. Fold Green A right sides together and stitch the two straight sides of Green A together leaving open as indicated, catching ends of ribbon. Trim seam at point.
3. Finger press the Green B Circle in half. Pin in place matching the creases with back seam of Green A and the center crease of the Green A Unit. Stitch, pivoting as needed going around curve.
4. Turn right side out, poking and smoothing as needed. Stuff firmly then hand stitch opening closed.
